International Keynote Speakers

No.	Speaker name	Affiliation	Job position	Nationality	Research area
1	Dr.Julian Pickering	Geologix Systems Integration Ltd	CEO	UK	Global digital drilling and completion, future of oilfield
2	Dr.Tony Edwards	Stepchange Global Ltd	CEO	UK	Integrated Operations, Digital Oil Field
3	César Correa	BP	Digital Oilfield Project Manager, Petroleum Engineer, Data Scientist	Iran	Digital oilfield, data scientist, petroleum engineering,Maximize value from the DoF technology in BP Rumaila Digital Oilfield (DoF) Project
4	Kishore Sundararajan	GE Oil & Gas	Vice-President of Engineering & Technology	India	P&L leadership, Change leadership, Technology leadership and People development
5	Javier A. DIAZ	Schneider Electric	Digital Oilfield Expert | Reservoir Engineer | Software Architect	US	Smart Oil and Gas Field solution, Gap analysis and plan to fill the gaps in software integrated solution
6	Pieter Kapteijn	TriGen Energy	CEO and Co-founder	Netherlands	Strategic Technology Planning and Innovation in Upstream Oil and Gas, Smart/Intelligent Fields
7	Salim Al Sibani	Petroleum Development Oman	Smart Field Project Manager	Oman	Central control room
8	André Baken	DOFAS	Co-founder at Change Leadership Center	Spain	Collaboration, change management
9	Neil Eklund	Schlumberger	Chief Data Scientist	US	Machine learning, data science, and industrial analytics
10	Emad Elsebakhi	GE Oil & Gas USA. MENAT	Senior Data Scientist -Senior Engineering	US	Data scientist and predictive modeling,(IIOT), deep learning

11	Dr.Hatem Nasr	Kuwait Oil Company	Sr. Adviser Digital Oilfield KOC and Middle East Business Strategy Specialist	US	Digital oilfield, Business Strategy
12	Sadik Noman	Chevron Asia South Business Unit Bangladesh	Data Foundation and Information Management Lead, IT Applications Team	Bangladesh	Information Management, Data Governance, information technology in Petroleum industry
13	Fedor Krasnov	Gazprom Neft	Expert	Russia	Smart Computing and Information Technology
14	Satyam Priyadarshy	Halliburton - Landmark	Chief Data Scientist	US	Data and Analytics, Cloud / Virtualization, Big Data Mining & Analytics, Scalable Solutions, Machine Learning, Artificial Intelligence, Text and Data Mining, SaaS Deployment
15	Razi Gaskari	Intelligent Solutions Inc	Chief Technology Officer (CTO)	US	Artificial Intelligence and Data Mining, Intelligent Reservoir Modeling
16	Neeraj Gupta	IBM	Vice President	Global Oil & Gas and Energy Industry Leader	India	SCADA Integration and automation, Remote Monitoring of oilfield data
17	Ali Mohebbi	Shahid Bahonar University of Kerman	Professor	Iran	Computational Fluid Dynamic (CFD), Petroleum Reservoir Engineering, Artificial Neural Networks
18	Fahd Saghir	University of Adelaide	Digital Oilfield Expert	Production Optimization & Automation Specialist	Oil & Gas Data Analyst	Academic Researcher	Australia	Production optimization, automation Smart Fields, data analysis

19	Frédéric Verhelst	Tyra Future (Mærsk Oil)	Integrated Operations Lead	Norway	Integrated Operations, Digital Oil Field, Reservoir Engineering
20	David Cavanagh	Integrated Energy Pty Ltd	Managing Director	Australia	Integrated Operations, Digital Oil Field
21	Aleksandr Butorin	LLC Gazpromneft Science & Technology Centre	Expert	Russia	Seismic data analysis
